REPORT OF FIREWARDS

We submit the following report:

March 4, 1924. Fire at Frank Whitecomb's farm, total loss.

March 10, 1924. Fire at O. L. Schoff, loss \$800.00.

March 24, 1924. Fire at John Loupa, loss \$300.00.

July 6, 1924. Fire at School street dump.

Oct. 12, 1924. Fire at Bowkerville, false alarm.

There were twenty-seven (27) chimney fires.

We find the company good in attendance and the equipment first class with the exception of the steamer which has been thoroughly tested and inspected by the Hartford Steam Boiler Insurance Co. They report the same as unfit for use and recommend the town purchasing a more modern apparatus.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Troy School Board:

I herewith submit my seventh annual report as Superintendent of Schools, the twenty-fifth under district supervision.

At the close of the school year in June it was found that while Mr. Eaton was to return as principal of the high school that it would be necessary to secure successors to Miss McGregor, who had been assistant for three years, and to Miss Knowlton who had been assistant for two years.

For Miss McGregor's position we secured Miss Filomena Romano, a graduate of Keene Normal School, who had done excellent work in her practice teaching in Keene Junior High School, and for the position of teacher of French and English Miss Ruth G. Chisholm, also a Keene graduate, who had been in charge of the junior high school in Wilmot, N. H., was chosen.

All the teachers in the primary building returned, but since the opening of school there have been several changes. Miss Catherine Dunn was married during the fall term and desired to be released at the Thanksgiving recess, and her place was filled by the election of Miss Dorothy D. Platts, a former teacher in grades four and five.

At the Christmas vacation Miss Mabel F. Johnson, who was serving her fourth year as principal of the primary school was released to accept a better paying position in Massachusetts and Miss Mary Catherine Barrett, teacher of grades four and five was promoted to the principalship, and Miss Charlotte R. Woodbury was transferred from the fifth grade in East Jaffrey to succeed Miss Barrett. Both Miss Barrett and Miss Woodbury are graduates of Keene, and both were teaching their third year.

Owing to her continued ill health Miss Chisholm lost considerable time from her school work which was taken over by substitutes from Keene Normal School, but she has now asked for and been granted a leave of absence and a permanent substitute will take charge of the department early in February, and we expect her to remain the rest of the school year.

During the past school year the work of the schools has shown encouraging results. Tests from the state department were given in some of the higher grades in November, 1923, and in January and June, 1924.

The result of the first tests in arithmetic and spelling in the eighth grade was somewhat disappointing, but the later tests showed marked improvement, due largely to more intensive drill in arithmetic and spelling in the higher grades.

This year standard tests in these branches as well as in geography and history are to be given for the purpose of comparison with other schools doing similar work.

The need of more room in the primary building has been a matter for serious consideration for some years, but as yet no satisfactory solution has been reached. Three of the rooms have from thirty-five to forty-two pupils, which is about the average membership in the larger villages, but two rooms have sixty or more pupils.

It is unnecessary to note that a teacher with sixty or more pupils finds it very difficult to give to each the individual attention that is needed, and the fact that these schools have made satisfactory progress under these conditions speaks well for the able and conscientious work of the teachers.

When financial conditions warrant it a suitable addition should be made to the present primary building unless some other building is available which can have the proper amount of light and the necessary sanitary conditions.

The general expenses for the coming school year will probably not vary very much from those of the present year.

The items of fuel, transportation, text books, scholars' supplies and teachers' salaries are likely to be about the same for another year as at present.

To some the school expenses may seem large as compared with eight or ten years ago, but it must be recalled that the expense of board, rent, and practically all living expenses have more than doubled in that period. Troy has, during the past five years qualified annually for state aid and has received each year from \$5,000 to the maximum amount of \$6,000 allowed by law. Had the schools of the town been less efficient the amount received would have been much smaller.

Good schools cost money but poor schools are expensive.

I am glad to note the support and assistance rendered during the past year by the Parent-Teacher association, which has taken a keen interest in the welfare of our teachers and pupils and has done much to arouse public interest in our schools.

I desire to thank the school board, teachers, parents, pupils, and all citizens who have co-operated in advancing the welfare of our schools during the past year.

Very truly yours,

LEWIS S. RECORD,

Superintendent of Schools.

East Jaffrey, N. H., January 31, 1925.

Your School Board feel that they would be remiss in their duty if they did not again call your attention to the crowded condition of the fifth and sixth grades at the primary building there being about sixty pupils in each room, far more than any teacher can teach efficiently.

We further report that we have paid all outstanding notes from our last year's surplus and that the district is now free from debt.

Consequently the amount of money to be raised for the support of schools for the ensuing year will be somewhat less than last year.

PERLEY A. HALE,

Respectfully submitted,
